REONSE TO RESTRICTION REQUIREMENT

This Response is filed in reply to the Restriction Requirement mailed June 27, 2008. A Petition for Extension of Time (one month) and the fee therefor are submitted herewith.

Applicant elects the invention of Group V, identified as claims 26-42 drawn to a main body including at least one coupling hand, the coupling hand being protruded frontward and having a guide hole in a sliding direction, and a cover having a sliding space depressed in the rear face thereof so as to slidably accommodate the coupling hand of the main body, classified in class 455, subclasses 575.8 and 575.4.

Applicant reserves the right to file divisional applications directed to the subject matter covered in the non-elected claims. Early and favorable consideration of the present application is earnestly solicited.

If this communication is filed after the statutory time period had elapsed and no separate Petition is enclosed, the Commissioner for Patents is petitioned, under 37 C.F.R. §1.136(a), to extend the time for filing a response to the outstanding Office Action by the number of months which will avoid abandonment under 37 C.F.R. §1.135. The fee under 37 C.F.R. § 1.17 should be charged to our Deposit Account No. 15-0700.

Respectfully submitted,
